

# Luggage Drive

Hosted by

**Fresno State African American Alumni Club**

Facts:

Children are in Foster care due to abuse or neglect.

Children removed from the home in an emergency, or moved multiple times in foster care, often do not have anything to transport items, and often can only bring what fits in a plastic trash bag.

It is our hopes that by providing luggage these children are given hope, comfort, and a sense of dignity.

**We encourage you to challenge your coworkers, families and friends to participate in this much-needed effort.**

Bring light to someone's world

Bring any new or gently unused suitcase, luggage, duffle bag and backpacks to any location
